**world's fastest unfaired road bike**

**what will you do on yours?**

"Thanks to Cruzbike whose wonderful bikes provided the inspiration and tool for this 46 year old housewife mother of four to do something she could never otherwise have done."

-Maria Parker, World Record Holder,  
10 Oct. 2009, North Carolina

CRUZBIKE's patented frame solution straightens out the ergonomic issues to let your body work as it was meant to.

If you are cycling for fitness and thrills, why accept the needless torture from a competition bike?
